## DIVISION ON NAVAL BILL

Motion for Six Months Hoist Was Voted Down by Overwhelming Vote.

## BILL LAST WEEK READING

Sir Wilfrid Laurier Wished House to Go on Record in Favor of the Naval Defense Scheme

Ottawa, March 10.—(Shonly before midnight) the debate on the second reading of the naval defence bill was finally terminated by two divisions one on a motion for a six months hoist, moved by Mr. E. Nonrup, the other one by Sir Wilfrid Laurier's motion for the second reading. The result in both cases was the same, the vote standing 10 to 78 against the six months hoist and the same in favor of the second reading.

When the vote on the motion for a six months hoist was announced Mr. Laurier suggested that the second reading be declared carried on the same division, but Sir Wilfrid, who desired to put the House on record would not agree and a vote was taken again with no change in the result. The divisions were not marked by the yeas and nays, which attended the votes on the Munk and Borden amendments at the night before.

There was no singing by members and apart from some desk pounding when the yeas and nays were called, the proceedings were without incident.

Mr. Verrill, labor liberal, representative of Manitoba, voted with the opposition, but otherwise the divisions were on straight party lines. It was expected that Mr. E. McLean, who declared himself against the six months hoist in the afternoon, would vote with the government, but he was not in the House when the divisions were taken. The idea prevailed in some quarters that Hon. H. R. Emmerson would vote for the six months hoist, but he did not do so. The total vote cast was 107, which leaves 24 in favor of the hoist and 78 in favor of the second reading.

(Continued to page four.)

## FROM DAY TO DAY

WHAT'S ON TONIGHT?

Empire Theatre—Mark's (Dress) in "Emerald Isle."  
Theatre—Edna's (Reform) Cap, Edmonton vs. Prince Albert.

## THE WEATHER

| March 11th, 1910.     | High | Low |
|-----------------------|------|-----|
| Kamloops, cloudy      | 54   | 38  |
| Edmonton, clear       | 54   | 30  |
| Calgary, cloudy       | 50   | 36  |
| Medicine Hat, fair    | 54   | 34  |
| Regina, fair          | 44   | 28  |
| Prince Albert, cloudy | 54   | 38  |
| Swift Current, cloudy | 48   | 30  |
| Moose Jaw, fair       | 45   | 25  |
| Regina, fair          | 40   | 19  |
| Qu'Appelle, cloudy    | 40   | 22  |
| Winnipeg, fair        | 40   | 26  |
| Port Arthur, cloudy   | 54   | 28  |

Rain has fallen in Eastern Manitoba, but elsewhere in the Prairie Provinces the weather has been fair, and in all districts quite mild.

Forecast—All West: Generally fair and mild today and Saturday.

## Relief of Car Strikers.

Toronto, March 11.—Toronto street railway men are being officially asked to contribute to strike funds in aid of the striking Philadelphia railroad men and at the same time members of the union are being asked to give their opinion on the question of a general strike, should it be ordered.

Scottish Rite Rings in 14-k. gold. So complete—our own make. Jackson Bros., Jewellers.

## DELEGATES FROM STRATHCONA CITY

Meeting of Conservative District Association Held at Wetaskiwin Yesterday

At the annual meeting of the Conservative Association of the federal electoral district of Strathcona, held in Angus Hall, Wetaskiwin, yesterday, the following delegates, were chosen to represent Strathcona city at the national convention to be held in Ottawa in June: W. H. Sheppard, Fred Satch, Dr. Craig, J. R. Larvalle, President Bush and Mayor Duggan. The following officers to conduct the business of the association were also elected:

President—O. Bush, Strathcona. Vice-president—J. Fowler, Wetaskiwin.

Secretary-treasurer—N. C. Wilson, Strathcona. The executive committee was authorized to nominate alternates to fill any vacancy that may occur in the delegation before the convention is held and to furnish all delegates with the proper credentials. A meeting of the executive committee will be held in the near future at Daysland for the purpose of considering and passing resolutions to be urged by the delegates at the convention.

Stirring speeches were delivered by Messrs. Fowler, Day, Simonds, Jarvis, Loggie and others on the leading questions of the day, including the naval question, the tariff, and preferential trade, the restoration to the new provinces of their natural assets withheld by the federal government.

## Forestry Association Busy.

Ottawa, March 11.—The Canadian Forestry Association held the eleventh annual meeting here yesterday. Resolutions were passed favoring forest reserves on the whole eastern slope of the Rockies, asking adequate fire protection along railways, conservation of water powers, reservation of forests at headquarters of all streams and formation of permanent forest reserves in all these districts.

## COMPENSATION IN N. S.

Government Measure to Give Workmen Protection Against Employers in Case of Accident

Halifax, March 11.—A government measure was introduced in the House of Assembly yesterday providing for compensation for employers to workmen who lose their lives by accident, or are partially or totally incapacitated for work. In the case of death, the amount payable where a workman has been employed for three years shall be one thousand dollars or a sum equal to his earnings of three years, whichever is the largest, but not more than two thousand dollars. The act provides for arbitration and other machinery for carrying out its provisions.

## Second Arrest Made.

Cambridge, Mass., March 10.—A second arrest growing out of the discovery of a shortage of \$130,000 from the National City Bank was made to night when the police took into custody Wilson W. Lockhart, of Belmont, an extra clerk at the bank. Lockhart had also acted as chauffeur for Geo. W. Coleman. The specific charge is that Lockhart made false entries and conspired with Coleman to defraud a national bank.

Lockhart is 33 years old and is married. When Coleman was made to night when the police took into custody Wilson W. Lockhart, of Belmont, an extra clerk at the bank. Lockhart had also acted as chauffeur for Geo. W. Coleman. The specific charge is that Lockhart made false entries and conspired with Coleman to defraud a national bank.

Masonic Rings made to order. Jackson Bros.

## LEGISLATURE ALL OVER IN B.C.

First Session of Twelfth Parliament Conduct Business in Few Weeks

## FIGHT ON LAST DAY

Government Used Whip Hand on Socialist Labor and Several Other Private Bills

Victoria, March 11.—Yesterday afternoon the first session of the twelfth parliament of British Columbia, after giving the royal assent to a large number of bills. This morning the sitting was much in the nature of a battle. Bill after bill was called for the second reading, only to be killed. The Socialist leader had several labor bills on the paper. The government had the whip hand and one and all shared the same fate. One bill proposed the extension of the eight-hour day now in force in the smelters to all employees who are brought in contact with smoke fumes, dust or heat arising from smelting or refining operation. The Premier opposed the bill as likely to drive out capital and lead to the closing down of the smelters.

The temperance people are up in arms at the possibility of the government having deceived them in its framing the new liquor act that it must of necessity be disallowed at Ottawa. It was admitted last evening by Premier McBride and Attorney-General Bowser that they saw the probability of the disallowance of the act because it would prevent the issue of licenses to Japanese.

## Apoplexy Caused Death.

Hamilton, March 11.—Mrs. Honore, superintendent of the training school for nurses at the City Hospital, dropped dead in the institute yesterday. Apoplexy was the cause of death. Mrs. Honore was a sister of Mayor McLaren and the wife of Dr. F. C. House, of Detroit.

## DYNAMITE BOMB WRECKS TENEMENT

Dozen People Injured and Scores Thrown Into Panic—Fourth in Two Years.

New York, March 10.—One man severely injured, a dozen women and children battered by flying bricks and 24 families thrown into a panic were the results of an explosion of a dynamite bomb cast into a chimney which all but wrecked the upper portion of the "double decker" tenement at Nos. 507 and 508 East Thirtieth street on seven o'clock last night.

The explosion, the fourth within two years in the same building, was heard for a distance of several blocks and caused great excitement among the Italian residents in the vicinity. An immense crowd blocked the streets for hours and the reserves from the East Fifth street police station had difficulty in allaying the commotion. The man or men who threw the bomb in the chimney from the roof succeeded in making their escape.

The screaming of the women and children following the explosion gave rise to the report that a dozen persons had been killed and several thousand excited persons gathered in the street. The building was packed by panic-stricken tenants who sought safety in flight, many of them gaining safety by means of the fire escapes. Captain Morris of the Fifth street police station took charge of the injured and caused Priano to be sent to Bellevue Hospital, where his wounds were dressed. The other injured persons were treated in nearby drug stores.

The road to clothes economy begins at Kelly & Moore's.

## GALICIAN WAS VERY CONFIDING

Put Himself About to Help His Countrymen and Drew on Their Bank Accounts

Harry Hanzuk is one of those accommodating Galicians, and his fellow-countrymen were wont to trust him in all matters, even to the handing of their bank accounts. But Harry could not bear to see all this good money remaining in the bank, so every little while he would draw cheques, but on one of his friend's accounts.

The consequence is that Mr. Hanzuk stands accused in the District Court today with obtaining money by false pretences. According to the Crown, the accused in his capacity of financial adviser for a number of Galicians, accompanied one Steinkowski and some others to the Traders' Bank on Jan. 29th to make a deposit. The man with the funny name had a large amount of money in his possession and Hanzuk obligingly offered to bank it for him. Hanzuk palmed himself off to the bank official as J. Steinkowski and filled in an identification card.

A few days later Hanzuk entered the bank and asked to be allowed to draw some money. He said he was Steinkowski and when asked for his pass book gave the excuse that he had forgotten it.

After some discussion the clerk allowed defendant to make his mark on the cheque, he averring that he was unable to write. Subsequently \$25 was obtained by the same means. The maximum sentence for false pretences is three years.

E. B. Cogswell is acting for the Crown and, S. A. Dickson of Port Saskatchewan for the defence.

## Great Rush to Canada.

London, Mar. 11.—The bookings to Canada are so large that it is practically impossible to get passage for the next three months. The White Star Dominion and Allan lines are plying on extra steamers.

## "CUPID'S DIRECTORY"

Matrimonial Bureau Has Been Making Use of Mails to Make Its Objects Known

St. Catherine, March 11.—A scheme with the benevolent object of assisting in communication with each other young persons of marriageable age, having views of matrimony, has been living in the bud by P. O. Inspector Henderson. The matrimonial agency has been using "Cupid's Directory," which has headquarters at a house on Major street and for the past two months has been distributing through the mails circulars neatly printed, setting forth the objects of the institution. The inspector has refused to allow the mails to be used for such purpose and the manager of "Cupid's Directory" has agreed to go out of business in Toronto.

## Coal Strike Continues.

Victoria, B.C., March 11.—News was brought by the steamer Albat, which arrived last night, that the coal strike which had prevailed for four months was still on and the steamer had to coal at Suva, thus causing delay. Five of the strike leaders were sentenced to imprisonment for twelve months. Fleets of steamers are still tied up and the coal is being brought in from Japan and Bengal, the government purchasing a number of cargoes on its own account.

## Shipley Seat by Acclamation

London, Mar. 11.—Mr. Percy H. Shipley, new Junior Lord of the Treasury, was named yesterday as opposed to Shipley. In the recent election Hingwood was elected over Shipley, a majority of 3,775.

## MEAT PRICES HAVE SOARED

Export and Import Prices of Principal Countries Show What Rise Has Been.

## SALT MEATS ADVANCE MOST

Due to Increased Supply of Fresh Meats as Result of Improved Chilling System.

Washington, March 10.—Meat prices have advanced in all the principal producing and consuming sections of the world, according to compilations just made by the bureau of statistics of the department of commerce and labor. The figures which the bureau has compiled consist chiefly of the export prices of the principal meat exporting countries of the world and the import and quoted wholesale prices in the chief meat importing and consuming countries.

The chief meat exporting countries are Australia, New Zealand, Argentina, Canada and the United States, and the chief meat importing countries are the United Kingdom, Germany, and, in a less degree, the other European countries. All the meat exporting countries show higher prices per pound in their exports in recent years than those of a decade ago and all the meat importing countries show higher rates in their import figures and in the current market quotations.

Curiously, however, the advance in fresh meat is less than in salted and preserved meats, and in nearly all cases the advance in beef is less than in pork or mutton. The fact that the percentage of advance in prices of fresh meats, especially those exported in the chilled or frozen state, has not been as great as that of salted or preserved meats is supposed to be due, in part at least, to the reductions made during the last decade in cost of chilling or freezing and transporting meats of this class, and to the increased supply of fresh meats in European markets resulting from the growth of the system.

## MAY BE TWO LINES TO EAST END PARK

Mayor Thinks Proposed Belt Line Should be Split and Operated as Two Lines.

Mayor Lee, accompanied by the public works committee and Superintendent Taylor of the street railway, took a tour of inspection in the east end yesterday, to look over the proposed route of a belt line to serve the exhibition park.

"Of course we cannot make a definite report on the matter until we get estimates," said the mayor to the Capital this morning. "I may say, however, that on the whole the committee has been very favorably impressed with the idea. We drove over Pine, Elm, Spruce and Willow avenues yesterday, and Willow avenue appeared to be the best street on which to run the north side of the belt line. The entrance to the park is on Willow avenue, and is only about 500 feet from the railway line.

The suggestion was made that there be two lines run out to the entrance of the park, one along Jasper avenue, and up Kimbair, Pine and Angus streets, and the other along Willow avenue, and down Kirkness street to the Boulevard. These would be single track lines and would have to have "turn-outs," but they would do away with the necessity of a level crossing such as would be necessary if a belt line were constructed.

"I think also that two street lines like these would be far more serviceable in handling crowds at the exhibition, than would a belt line."

Your Spring Suit or Overcoat awaits you at Kelly & Moore's.

Bright sun on the snow is hard on the complexion unless you use Viola Cream. Edmonton Drug Co.

## DAN PATCH FOR EDMONTON

The World's Champion Harness Horse Will Give an Exhibition Against Time Here this Summer

It is not very often that Edmontonians have the opportunity of seeing a world's champion, but this summer the dream will be realized. Dan Patch, world's champion harness horse, will give an exhibition against time in this city.

J. W. Stewart, representative of the International Stock Food Co., owners of the famous horse, was in Edmonton yesterday, and when seen by The Capital said that it was the intention to include Edmonton in Dan's itinerary this season. The track at the new Exhibition park and the grand stand will be completed in the course of three or four months and will be an ideal place for the trials.

Dan Patch travels in his own private car and is attended by Charlie Plummer, who has taken care of him for many years.

When one looks over this horse's history, it sounds like a story book. Dan was purchased in December 1903 by Mr. W. Savage, Minneapolis, Minn., for \$60,000, the highest price ever paid for a pacer. Mr. Savage on the evening that Dan reduced the world's record to 1:55½ reined a cash offer of \$180,000 for this game equine. He is the only world's champion that has never lost a race and is the only harness horse that for four successive years, reduced his own world's records. His fastest time for the mile is 1:55 and in 120 mile heats he has the significant average time of 2:02½.

In addition to Dan Patch, Mr. Savage has in his stable, Minor Heir, 1:59½; Directon, 2:05½; Arion, 2:07½ and Bay Wilkes, 2:06½. Arion, who was the world's champion two and three-year-old, was bought as a two-year-old by Mr. Savage for \$125,000.

## 'FRISCO AGAIN SHOCKED

Severest Earthquake Since the Big One in 1906—People Were Much Aweared.

San Francisco, March 11.—Sharp earthquakes in some parts of the state, and the severest shock since the big one in 1906, was experienced throughout the central part of California last night, about 10:54. In San Francisco people were generally aroused. In the telephone offices virtually every operator left his key. This caused the report to come from Portland that some of the San Francisco wires had been interrupted. In two San Francisco theatres where the last act was closing scores of spectators jumped to their feet. In one house there was a movement from the galleries towards the exits but it was promptly stopped by the police.

Rich Cut Glass. Jackson Bros., Jewellers.

## Educational Conference.

An educational convention will be held in Calgary on March 29, 30 and 31, at which a permanent provincial educational association, with the object of holding annual conventions for all interested in the improvement of the education in the province, may attend and benefit.

A provisional executive has been appointed by the minister of education, and a programme, copies of which will be forwarded to all the teachers in the province, has been prepared. W. H. Thompson, principal of the Normal School, Calgary, is the provisional secretary.

## HARMONY RESTORED

IN THE GOVERNMENT RANKS

Hon. C. W. Cross Goes Back to the Treasury Bench—The Premier still the Premier—Hon. Duncan Marshall and Hon. P. E. Lessard also on Treasury Benches.

A sensation was sprung in the House this afternoon when the Hon. C. W. Cross walked in and took his usual seat on the Treasury Benches. He was received with a burst of hand clapping. This move is believed to be the result of the conference between the Lieutenant-Governor, the Premier and the Attorney-General this morning. Mr. Buchanan occupied a private member's seat. Those on the Cabinet Benches were the Premier, Hon. C. W. Cross, Hon. Duncan Marshall and Hon. P. E. Lessard. It is rumored that everything has been smoothed over. The regular business of the house was then quietly proceeded with.

LATER—Mr. Cross rose in his place to move a second reading of a bill respecting towns. Immediately Mr. Riley arose and moved an amendment that all words after the preamble be struck out and the bill be hoisted for six months, as the House no longer had any confidence in the administration. A division was called for immediately, the result of the vote being 20 in favor of the government and 71 against. The Hon. W. A. Buchanan and Mr. McKenney voted against the government. Mr. O'Brien was absent.

The vote is otherwise substantially the same as the last division on Mr. Woolf's amendment.

## Radical Suggestion of Lord Rosebery

London, March 10.—Lord Rosebery today, in the House of Lords, announced the terms of his reform resolutions, which he introduced Monday. They include a proposal that the possession of a peerage shall not of itself entitle the holder to a seat in the Lords. This is one of the most radical suggestions that has been made since the political crisis developed.

## Educational Conference.

An educational convention will be held in Calgary on March 29, 30 and 31, at which a permanent provincial educational association, with the object of holding annual conventions for all interested in the improvement of the education in the province, may attend and benefit.

A provisional executive has been appointed by the minister of education, and a programme, copies of which will be forwarded to all the teachers in the province, has been prepared. W. H. Thompson, principal of the Normal School, Calgary, is the provisional secretary.

# Magnificent Display of New Spring Goods

## AT

# The Hudson's Bay Stores

Easter is fast drawing nigh, and time is short to make the necessary preparations demanded by Dame Fashion, which means a complete change from Winter to Spring. Our store is now a paradise of Spring styles. It presents Fashion's final decree on dress, discloses and defines officially what is to be worn in the coming style epoch. A walk through the store is a series of delightful surprises. The style supremacy this Eastertide is demonstrated more forcefully than ever before. Don't delay, come on Friday and Saturday.

### HIGH-GRADE AMERICAN SHOES

for Women

These celebrated shoes are recognized by trade experts to be a standard of what is right and proper in Women's Footwear. There are no freak styles either. Some of the best dressed women in the world would be better dressed if they wore Burt's Shoes, while the girl who dresses freakishly would be able to tone down her appearance and create more of an atmosphere of refinement if she chose Burt's Shoes too.

### This is a Genuine Reduction of High-Grade Shoes

## "SLEEPY GRASS" EXPERIMENT

May Result in Discovery of New Anesthetic Which Will Meet all Requirements.

New York, March 10.—In the hope of discovering a new anesthetic, harmless, prompt and without after effects, a chemist of the Rockefeller Institute in this city is daily experimenting with the mysterious "sleepy grass" as it is known on the high plateaus of the West, or stipa vasyli, as it is known to science.

A distillation of sleepy grass, when given to a rabbit, sent the little animal painlessly to sleep and when it awoke it was as brisk as if roused from a refreshing slumber. Its heart action had remained normal throughout. There was no nausea or other after effects.

Sleepy grass promises, therefore, in the opinion of the chemist who is experimenting with it, to produce an anodyne which will not be inhaled, but will be drunk without any of those painful struggles against unconsciousness which accompany either. An authoritative announcement is expected soon.

## Fighting the Race Track.

St. Catharines, Ont., Mar. 11.—The Orange Grand Lodge of Ontario met in session here, has put itself on record in favor of more stringent law to prevent publication by newspapers of reports of race meetings. With a view to greatly lessening the risk to young men. Copies of the resolution are being forwarded to Sir Wilfrid Laurier, to Mr. Miller, who is fighting the gambling spirit in the Commons and to Rev. Dr. Shearer and Chown, representatives respectively of the Presbyterian and Methodist divisions of moral reform.

## NEWSPAPER MEN AT HEAD OF RIOT

Arrested and Held by Philadelphia Magistrate on \$1,000 Bail Furnished by Employers

Philadelphia, March 11.—Five newspaper reporters who came down Broad street in an automobile ahead of the crowd were placed under arrest today. They have been travelling with Pratt since the strike and the assistant chief of police took away their credentials and detained them in a room in the city hall pending the disposition of their cases. The five newspaper reporters arrested were charged with inciting to riot. After a hearing before the city magistrate they were each held on \$1,000 bail for further hearing next week. Bail was furnished by the owners of the newspapers employing them.

## SHARP FIGHTING IN THIBET

Chinese Invaders Met Severe Reverses and Commander Was in Danger

London, March 10.—A traveller who has just reached England after a stay of three months in Thibet, says the Chinese invasion of Thibet was attended with sharp battles. The Chinese troops met with a number of severe reverses, in one of which, according to this gentleman, the Chinese commander-in-chief narrowly escaped capture. The frontier tribesmen between Dirge and Lasing ambushed a force of Chinese, who lost 400 men and a number of guns.

Enormous quantities of war materials are being despatched across the frontier. At least 200 mountain guns of Japanese pattern had been sent to Thibet. There is feverish activity at the Chinese arsenals in China and at least 7,000 men are working day and night.

About 15,000 Chinese troops, many of whom have been drilled by Japanese officers, entered Thibet. Wireless telegraphic was installed in the army advance.

Alberta Chartered Road.

Ponoka Herald: Dr. Campbell, at the meeting on Saturday, gave his audience some information regarding the railway bill he introduced in the legislature some days ago. The road starts somewhere near the border, west of Port, and taking a northern direction, crosses near Tees, up by the Chain Lakes, through Ponoka, and taking a north-westerly direction, goes out through Usona, and slightly to the north of Chesterwood, thence on to the Brazier river. He also gave the information that it was English money that was behind the concern, and that the funds were already on hand. That is, indeed, satisfactory news. The work has to be commenced in two years' time, and to be completed in five.

## The Remarkable and Unabating Increase of this Weekly Bargain Event is the Logical Effect of a Definite Cause

It is Not a Trick of the Specious Merchandising That is Still in Vogue in Some Stores

Each item is scrutinized and tested before being advertised—even if it is announced here in only two or three words of small type we have made sure it is a genuine value-giving surprise before printing it. That is the method that has made our Saturday sale the most important and most widely patronized selling event of the week.

EVERY ITEM, DOWN TO THE SMALLEST, IS OF ABSORBING INTEREST TO THE DISCRIMINATING SHOPPER WHO APPRECIATES LOW PRICES MUCH, BUT DEPENDABILITY MORE

## "Hang Well" Trousers at 1.3 off

Must make room for our new Carpets arriving daily, hence above special offers.

## A Few Words About Groceries

Seems to be a byword among housekeepers today that grocery prices are away up. This is especially true of low-grade groceries. Not so much though of high-grade qualities, such as this store has the reputation for selling. Our prices are lower than they were a year ago, and the quality is just as good, and, if anything, a little better. GOOD GROCERIES ARE THE CHEAPEST EVERY TIME. They promote health and strength. They create an appetite. We bid for your grocery business because we give fullest value.

## REFUSED TO PLAY DEACONS

Lacombe Seven was Offered a Large Guarantee to Play Here Saturday Night but "They Must get Home"

After the game last night, a deputation from the Deacons hockey team waited on the Lacombe Club in their dressing room at the Strathcona rink and offered them a large guarantee for a game Saturday night. But do you think the visitors would wait over? Not much. Some of their players have important business in Lacombe and "really, you know, old chaps, we must get back for Saturday."

So all chance of getting this team in a game at the Thistle Rink is gone. If we hear back a few short months, we will remember Lacombe chopped Deacons to pieces in the southern town and then aided by a home official barely won, 4-3. Now they refuse to play a return game. Judging from their display last evening at Strathcona they are in evading another contest. Why, the High School Intercollegiate champions, could give them the game of their lives, and we won't say that the city champions would do.

The idea of them playing off with Calgary Tigers or Macleod for the championship of Alberta is ridiculous. Let them play Deacons another game before they pretend to qualify for any finals.

## SASKATOON vs. EDMONTON

If the Locals Succeed in Retaining the Fit-Reform Cup They Will Play the Winners of the Saskatoon-Moosemin Series

To make it possible to play Saskatoon, Edmonton must win tonight's game to retain the trophy, and will strain every nerve to do so.

The following letter was received by the Edmonton Hockey Club and speaks for itself, but the part about Prince Albert is all unbecoming, as their challenge was formally accepted by the Fit-Reform Cup trustees. In spite of this Saskatoon will also be accommodated.

Saskatoon, March 8, 1910.  
The Edmonton Hockey Club,  
Edmonton, Alta.

Dear Sirs—We beg to advise you that the executive of the Saskatchewan Hockey League has given Saskatoon the championship of the Northern Saskatchewan League and has arranged dates for Saskatoon and Moosemin to play off for the championship of the province. One game is to be played this week and another next week.

We believe Prince Albert is now playing Edmonton for the Fit-Reform Cup and style themselves the champions of the Northern League, therefore we thought the above information might be of use to you. Yours truly, The Strathcona Hockey Club,  
F. Baker, President.

## STRATHCONA AND LACOMBE PLAYED A TIE GAME

Half-Time Score was 2 to 0 Favor of Lacombe and Full Time Found Result 3 All

### THE ICE WAS A POOL OF WATER

Both Teams Inclined to Rough Matters and Visitors got Away with a Lot of Loafing—Cooke, Hay and Munn Starred for Visitors While Scotty McLeod and McArthur were in the Limelight for Scona—Score on Round 15 to 3

Strathcona an dlvomble? k k r s p s  
The final game for the championship of central Alberta took place last evening at Strathcona and resulted in a drawn score, each team annexing three goals.

There were about 400 people in the rink, of which a great number were Edmontonians. The Deacons and Prince Albert hockey teams attended en masse and encouraged the Strathcona players "to eat them up." The outstanding feature of the game was the visitors' popularity, and it was quite instilled by the looting tactics of their forwards. If anything distinguishes spectators it is persistent looting as it always seems to be trying to take an unfair advantage. With a stricter referee than Gillespie, the two wing players, Beattie and Lundy, would have spent most of the evening in the penalty box.

The ice was covered with water and made fast play out of the question. Combination was entirely lacking and the game was extremely rough. However, there were some flashes of first-class hockey and McArthur and McLeod can be safely picked as the stars of the home team, while Hay, Cooke and Munn were the best of the visitors. Indeed, the latter's work in goal was gilded, and he got himself out of some nasty looking mix-ups. Bud Kent was judge of play, but somebody stole the clapper out of his belt and it was still throughout the evening.

Dixon and Newman were not effective last night. The former scored two goals, but also missed a number of others, while Newman absolutely refuses to pass the puck under any provocation. Clark was not up to the mark, the first two Lacombe counters being easy chances.

Play was very even at first and neither side seemed to have any advantage.

## McLEOD DE-FAULTED GAME

Refused to Play a Return Match with Calgary Team—They Act Like Lacombe

The Herald says:  
"It will surely disappoint the hockey fans to know that the game with Macleod, to have been played tonight, is cancelled. Why this is the case can hardly be understood except that Macleod has cold feet or else a sand storm or an avalanche has buried the town."

"It is a well-known fact that there is no ice in Macleod, and the team of that city could not supply it for the game. Doc Gibson wired them to the effect that they could play the game in Calgary, where there was ice, and Macleod could have the entire 2012 receipts. The bait looked good to them at first, and they wired that they would give a definite answer later. But the wire never came. Doc sat up, waiting for the news, but without disappointment. Macleod will not be here and the game is off."

"It was stated by several who had been in Macleod during the past few days that a few ringers would figure on the Macleod team. A Kingston tie, of hockey reputation, while passing through that district was persuaded to remain for today's game, and others of fame were depended on. Whether this will be a loss of money or a saving to the southerners is hard to state, but one thing is sure; they escaped a bad drubbing from the hands of the Tigers."

## SOME QUANT BASEBALL RULES

Relics of the Old Days When Seven Balls Called for a Base—The Umpires Called "Good Ball"

Old baseball rules, when perused by up-to-date fans, read almost like the "Joe" Miller joke book. Here are a few culled from an old rule book in the National League back in 1882:

"No manager, captain or player shall address the audience."

"The fee and expenses of the umpire shall be paid by the visiting club."

"No player shall be allowed a substitute in running the bases."

"When seven 'balls' have been called by the umpire, the batsman shall take one base, providing he does so on the run."

"The batsman shall be called out if a foul be caught before touching the ground, or after touching ground but once."

"The batsman, on taking his position, must call for a 'high ball,' a 'low ball' or 'fair ball.'"

"When two strikes have been called should the batter not strike at the next good ball, the umpire shall warn him by calling 'good ball.' Should he strike and fail to hit the next good ball, three strikes must be called."

## CALGARY IS VERY OPTIMISTIC

Many New Athletes are Dropping Into that Town and Prospects Look Bright for a Successful Year

The sporting element of this and nearly every other city of the West is now basking in mid-season, and thoughts of what was and what will be occupy the few moments for sport. What has happened is practically of no interest, for it has gone, but what Calgary has to expect is always acceptable even if the dopest, who sprawls it over the sheet, is merely filling in time and shaking in every nerve for fear someone will have the nerve to criticize.

Dropping into the city these days are a few men who at one time figured on a fast lacrosse team or a championship football or rugby team. These sports are looking good in most cases and state that some unexplainable attraction has lured them here. This may be partly due to climate, but the main force is undoubtedly the healthy prospects for a sporting season that will surpass all previous years. If we do not have amateur lacrosse, we will likely have professional lacrosse, and of Minto Cup class. Lacrosse enthusiasts feel confident of this fact.

The baseball team will surpass that of last year, and who should win the pennant other than Calgary? Some strength from the east will be added to Calgary rugby, and only the old Tiger class of Hamilton will be found on the field; while in football the regulars in other years will protect the People's Shield. In fact the talk regarding senior class in all kinds of sport, also city league, intermediate and junior, is perhaps more encouraging to fans than it has been for some years—Calgary Herald.

## Now men, Wanderers!

(With apologies to "The Wearing of the Green.")

Oh, Wanderers, dear! and did you hear the news that's going round. They're hoisting up in Ottawa they'll win on their own ground. But what's been done in days gone by can sure "be did" again. You downed them there in nineteen-seven, why not in nineteen-ten? So "Riley" keep yer eye well peeled—and "Marshall" get your man, and "Johnson" skate rings round the bunch (as only "Johnson" can). And "Hyland," "Glass" and "Gardner" work as ne'er ye did before. And then with "Russell" dandy shout—you'll "get them" boys for sure.

II.  
They always call you "quitters" when you play up in their town, but just you show them Saturday it's "other way around. Sail in and lick them good and well—and do it fair and square. Remember that it's "up to you" to land the silverware. All Montreal is waiting to let loose at the victors' shout. And if you just "stay with them" we will do it, there's no doubt. But don't get "henched" for tripping, boys, or other like offence. "Stay on the ice" is good advice—up there at all events.

III.  
The ladies all adore you, you're the idols of the fair. To see you "go down to defeat" would drive them to despair.

They're betting chocolates by the ton—in boxes large and small. Just win the game, and then they'll "frame your pictures on the wall."

Oh, Wanderers, you're the "candy kids," the rest are on the fence. You make a bunch of high-priced stars look dead at thirty cents. You've got the speed, and finish, and the staying power beside. So "go it" Wanderers Saturday, and tan the "Zebras" hide.  
—A Lady Admirer.

## ANOTHER TRIP AFTER CUP

Ottawa Expects an Edmonton Team to Take Trophy Away From Wanderers—Notice this Line-up—It Looks Pretty Good

(Special to The Capital)  
Ottawa, March 11.—The strenuous hockey season of 1910 has ended and the wise ones are already at work doing out the prospects for next year. Western players, especially Edmonton boys, have startled Eastern hockey circles, so much so, that it would be no great surprise to see the following team get together in that western town, come east next season and put it all over Wanderers and take back that famous Stanley Cup. Canadian and inseparable are these whiffling puck chasers, whom it comes to representing their home town and present indications point to an all-star team from the Alberta capital coming east next winter. The Patrick boys, Miller and Whitcroft, who will return to Edmonton, when asked about it said: "This dope is too far in advance to say anything definite, but it looks pretty near right." The team is: Winchester, goal; Frank Patrick, center; Lester Patrick, cover; Whitcroft, rover; Lalonde, centre; Miller right; and Deaton left.

## DR. ROLLER GOT DECISION

Raoul de Rouen and the Dos. Gave a Frightful Exhibition of Rough Work—Everything was Allowed

Denver, March 10.—Raoul de Rouen the French heavyweight wrestling champion, who gained the reputation in Chicago of being the roughest wrestler that ever stepped on a mat, upheld his reputation here in his match with Dr. B. F. Roller, of Seattle. Roller was given the match after they had been wrestling, or rather fighting, for fifteen minutes for the second fall. Roller won the first fall in 36 minutes, 32 seconds.

Both indulged in rough work in the second, Roller slamming the Frenchman's head around, while the latter used his teeth, nearly pulling the doctor's hair out by the roots, and finally was disqualified for repeated use of the strangle hold. It looked like a free-for-all fight for a moment, but the ring was finally cleared.

## THE SECOND GAME TONIGHT

Final Match of Season for Fit-Reform Cup Takes Place this Evening Between Edmonton and Prince Albert

The game this evening will start at 8:30 and it is expected the largest crowd that ever witnessed a hockey match in Edmonton will be on hand. The reserved seats have been selling like wildfire. The first last evening put the ice in good shape and the going will be much better than on Wednesday.

Charlie Haddock arrived from Portage la Prairie and will play one of the winners for Prince Albert while Scotty McLeod and probably Lynn or Kent will be found on the Edmonton team. Otherwise the line-up will be the same as in the first game.

## Berlin and Wanderers.

(Special to The Capital)  
Ottawa, March 10.—Stanley Cup Trustee Wm. Foran has authorized the Wanderers to accept and play a sudden death game with Berlin as challengers for the Cup tomorrow night (Saturday) at Montreal. Berlin wanted two games but owing to Wanderers having made previous arrangements for a trip to New York, one game was finally decided upon.

## JAKE SHAEFFER IS DEAD

Some Stories of the "Wizard" who was in his Day the Greatest Exponent of Billiards in the World

Denver, Colo., March 9.—Jake Schaeffer, the noted billiard player, died yesterday afternoon of tuberculosis.

By John N. Kammerer.

Jacob Schaeffer, commonly known as the "Wizard," was without doubt the greatest of all experts in billiards. He was a small, wiry man, but what he lacked in size was made up in quality. Every inch of this wonderful little man was made up of true, genuine sportsmanship. When he was able to play the game, no one ever had to look for an opponent. He was always ready and willing to meet any one who challenged him and where they met made no difference to him.

When Jake entered the so-called three ball French carom game for the world's championship in 1890, he was little known and naturally encountered some opposition to his entry. I was a great enthusiast and knew all of the players, among them at that time being Slosson, Day, Sexton, Garnier, Dion, Carter and Rudolph. Schaeffer beat each one of them in turn and Cooper's Hall was too small to hold the mass of people who desired to witness the last night's play between my protégé and Slosson.

Slosson started off like a house afire and before he was done the score stood 59 to 10 in his favor. It looked discouraging to the friends of the "Wizard," and not being able to stand it longer to see my true friend beaten in this way, I gathered some of my "pals" together and went to a nearby cafe to await the finish. Of everyone that came in was asked who was playing. Slosson had made a few points and missed when the report reached us that Jake had the balls on the rail, had run a hundred, and still was playing. He ran 285 and missed, and Slosson, it was said, was getting "cold feet" and could not do himself justice. Every one who ever saw the Wizard play knows how he could recover when he got the balls on the rail.

Well, to make a long story short, he soon ran out the game with a 266. Some people holding Slosson tickets went out of the hall when the score was 550 to 10 in his favor, but were greatly surprised when they went to get them cashed the next morning to find that they had lost.

## High Salary for Lalonde.

(Special to The Capital)  
Montreal, March 10.—"News" Lalonde has made the statement that he will play lacrosse with Vancouver this season at a salary of \$1,000. This is the highest price paid for a lacrosse player in Canada.

## Betting on Lincoln Handicap.

London, March 8.—Following is the latest betting on spring handicaps: Lincoln handicap, distance one mile, run March 15—10 Delirium; 10 Kalkum; 12 Desmonds; 12 Pridel; 14 Cinderella; 14 Mustang; 14 Canonic; 14 Edna M.  
Grand National Steeplechase, distance four and a half miles, run Mar. 10—10 Jolas; 10 Cockler; 12 Carvey; 14 Round Dance; 20 The Larcher; 25 Albenra.

## The Lacombe Globe says:

In the event of the Calgary Tigers defeating Macleod tonight, and again assuming that Lacombe will meet with fair success in Strathcona on Friday night, home and home games with the Tigers will probably be arranged for, and the winners of this game would without doubt be the hockey champions of all Alberta."

### About Town

Mrs. Bulvey, Government House, will hold her usual reception day on Thursday, March 17th.

J. R. McIntosh, who conducted his realty business in the Norwood Block, has moved to 24 Jasper Ave. West.

Dr. F. J. Folsabee, formerly of Toronto, has moved his offices in the Credit Forester Building, on Jasper avenue.

For the first time in several months the doors of the fire halls were opened this morning. It makes it look quite like summer.

As the Alberta-L. A. Doss, Denbigh, A. M. Jarvis, London; Mrs. Rose. Kuhn, Council Bluffs, Ia.; C. C. Van Seoy, G. T. P.

The case of Martel vs. Paris was adjourned until the May sittings of the Supreme Court, by Chief Justice Sifton this morning.

Last night at the Y.M.C.A. the postponed game between Grant and Miller was pulled off, and resulted in Grant winning two out of three. Grant was high man with 506.

A large crowd is expected at the Thistle Rink this evening when Prince Albert and Edmonton play the final game for the Pitt-Renform Cup. Game commences at 8:30 p.m.

The police are getting after those dog owners who have not taken out licenses for their pets. Fourteen such cases were in the police court this morning, and eleven more are slated for Monday. Most of them are allowed to go without a fine on condition that they take out the required paper and pay costs.

Marks Bros. Company began their three nights' run at the Empire Theatre last night. The play presented was a three act drama, "Two Nights in Rome," and was well handled by a capable cast. Tonight "The Emerald Isle" will be the offering, and as an Irish drama never fails to bring out a good house and judging from the way seats are selling a large audience is guaranteed. Immediately after the performance an amateur contest will be held, which is free to everybody. A prize of \$8 will be awarded to the best amateur appearing. Seats on sale at the box office.

Under new management: The City Grocery Co., corner Jasper avenue and Eighth street. Mr. J. E. Nix, the new manager, has had a large experience in the retail grocery business and everyone can be assured perfect service, also the best of everything.

### ANOTHER COMPANY WANTS IT

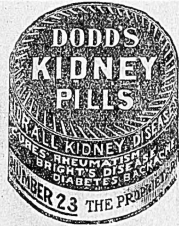

Would Take Over the G. T. P. From Government

Ottawa, March 10.—In the Commons railway committee this morning, Houghton Lennox, said it was persistently rumored that the G. T. P. will not take over the eastern section of the N. E. T. R. when completed, but Hon. Hugh Graham said there was no truth in the matter, and if the G. T. P. is not prepared to take over the line there was another company ready to do so.

## NO AGREEMENT ON TARIFF

U. S. Representatives May go Back to Washington Without Promises

CANADA NOT YIELDING

No Indication on Our Part of Granting Concessions to States

Ottawa, Ont., March 10.—The representatives of the American tariff board of inquiry, Messrs. Emery and Pepper, were again in conference with Sir Wilfrid Laurier and Hon. W. S. Fielding to-day and will leave for Washington either on Tuesday night or on Wednesday.

On both sides strict reticence is being maintained and it would appear that little is likely to be known as to the details of the negotiations, and their result until the American commissioners have made their report to Washington.

Mr. Fielding may, of course, be called upon to make a statement in the House, but such statement is likely to be guarded in its nature.

While the negotiations continue to be of the most friendly character it is doubtful if a basis of mutual concessions has been arrived at, and the likelihood is that Messrs. Emery and Pepper will not take back with them to Washington any definite assurance that Canada will give the United States the benefit of the same tariff rates as have been extended to France, or the assurance that the United States is entitled to Canada's intermediate tariff, which is essentially a tariff designed for the purposes of making reciprocity arrangements.

The Canadian situation was fully canvassed at the meeting of the Cabinet held on Saturday, but it is understood that no definite decision was reached as to what Canada will take should the United States insist that our trade arrangements constitute a discrimination against that nation. There seems to be little real apprehension here, however, that Uncle Sam will precipitate a tariff war by applying his maximum tariff to Canada on the 1st day of the month.

NO REWARD FOR PEARY.

Congress Will Wait Until He Proves His Records of the Pole.

Washington, March 10.—Indications point to a postponement of any congressional action to reward Commander Peary for his conquest of the north pole until his proofs have been published. The subcommittee of the House Naval committee charged with the consideration of the various bills that propose honors for Peary will meet today to discuss them further. "I am absolutely opposed to congress granting any award to Commander Peary unless his proofs are made public," yesterday declared Representative Roberts of Massachusetts, another of the sub-committee. "There is nothing whatever before us to show that Mr. Peary has discovered the pole, other than the statements of certain gentlemen that he did. How could members of this committee go into the House and support any bill which they presented when they had no facts to back it up? We would be in a ridiculous attitude."

## D. D. MANN MAKES A BIG SCOOP

Bought Right and Now Reaps the Profit

Toronto News: By waiting and buying at the right moment Mr. D. D. Mann, vice-president of the Canadian Northern Railway, and financially connected with a score of other enterprises, has secured a block of land in southern British Columbia that is rated today to be worth \$300,000,000. Mr. T. Stuart, of Seattle, the man who engineered the deal, and who formerly owned that very part of Canada, is in town. He did not deny that while he made well on the transaction he is displeased with himself for not holding on.

"There is a town on the place, and as it was named after me I know every foot of land there," said Mr. Stuart. "It now turns out that mineral deposits, of which we don't yet know the extent, have been discovered. Mr. Mann's property is worth \$200,000,000 now, according to the experts. I refused \$100,000 for it a few months ago," he said with a quiet smile. He would not say what he finally got for the property. There is a lot of the property not worth anything, but it will be worth a good many dollars an acre when opened up by railways, a branch line to be constructed. The word of development goes on immediately he was informed. Mr. Stuart has been associated with other big deals recently.

### RED DEER NEWS

(Calgary Herald)

Red Deer, March 9.—A splendid audience gathered at the school house Tuesday night to hear Miss Marion E. Moodie of Calgary, on the theme of "Wild Flowers of the Canadian Northern Alberta." Owing to the train being more than two hours late Capt. Keast had a busy time keeping the audience interested until the arrival of Miss Moodie, about 9:30 p.m. In a very few minutes the dark curtain was hung and the specimens used by Miss Moodie for illustration pointed up where the audience could have a good view of them. The paper was somewhat technical but listened to with great interest and appreciation. H. H. Gatz, the most highly qualified botanist of the Red Deer district, moved a vote of thanks to Miss Moodie, which was seconded by Harry Jamieson. At the close of the session although the hour was late, a large part of the audience adjourned to the home of Mrs. Geo. F. Root to inspect Miss Moodie's entire collection of specimens and discuss various plants and botanical problems with Miss Moodie. On Saturday afternoon a receipt in was tendered to Miss Moodie at the home of Mrs. R. C. Brimpton. The herbarium was placed on the library table and throughout the hours of receiving interested groups of callers were shown through the different families of flowers. There were some rare flowers from Alberta, and a large number from British Columbia and the Yukon. Out of town guests, attending this meeting were Mr. and Mrs. W. Geary and Miss Rankin, of Innisfail and Mr. and Mrs. S. J. Judd of Carleton Place. It was one of the most profitable gatherings in the history of the society.

## THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

The ladies of the Hospital Aid Society will hold their postponed meeting in the City Hall on Saturday at 3:30. A full attendance is desired.

Ald. Donnan has arrived back in the city after a two months' visit to his former home in Ireland.

By tying the score last night with the locals, Lacombe won the championship of the A.A.H.A. by a score of 15-3. This entitles them to the Rutherford Cup, which has been donated to the association this year. The score in last night's game was 3-3.

### STOPPED BY PROMPT ACTION

Walking on Track, Pedestrians Noted a Broken Rail—Stopped Engine Just in Time

Owen Sound, Ont., March 10.—A serious accident was narrowly averted on the C. P. R. on Saturday afternoon by the presence of mind and alertness of John J. Brown, a farmer from the adjacent township of Sydenham. As with his son he was walking the tracks, and had gone scarcely a hundred yards from the crossing when they discovered a rail broken in two. Knowing that a way freight was about due he sent his son to the nearest house for something that would serve as a flag while he ran up the track in the direction the freight was coming. He was not a moment too soon, for engine 1745, one of the largest freight engines in the branch, with a choosetatched, came down the track at full speed. Seeing Brown's signals, Engineer Patterson brought the engine to a standstill just in time. Conductor McCarthy set signals back and stopped the freight, which was following close behind.

At the point where the break in the rail was there was an embankment, and only Mr. Brown's prompt action saved engine 1745, and possibly the way-freight.

To Legalize Seven Marriages.

Because they employed a clergyman from the United States to marry them in Ontario, seven young couples who have been living together as man and wife for the last year or so are being notified by the Attorney-General's department to the effect that they were not married at all. Four cases come from border towns and three from Saint Ste. Marie. There is no suspicion that any of them had any idea of the illegality of their marriage. They cannot be re-married owing to the necessary declarations, and their marriages will have to be legalized by special Act of Parliament.

Hays Looks for big increase in Immigration

London, March 9.—President Hays, in an interview here, said the G. T. P. would wait until the line was almost completed "before we settle seriously on our Atlantic route." He said the line ought to be well into the Yellowhead Pass by the close of the year. Mr. Hays estimates that there will be a twenty-five per cent. increase of immigration into Canada in 1910.
